

**Dr. Maurice Stewart**  
**Leduc County, AB**

**Nominated as WESTERN BREEDER DIRECTOR**

I was a breeder director for Alberta in the 1980's for the Canadian Standardbred Horse Society. I was part of the committee that resulted in the amalgamation of CSHS with the Canadian Trotting Association to become Standardbred Canada.

I have been both a Breeder and Active Director in Standardbred Canada. To name a few, I have been involved in the Executive Committee, Breeders Committee, Audit Committee, Governance Committee, Strategic Planning Committee, and the Taxation Committee for Standardbred Canada.

I have been involved in the National Standardbred organization for years assisting in shaping its direction and its responsibility to members. I would like to continue assisting development of strategies to positively affect members in the standardbred industry.

Dr. M.N. Stewart
