

**Josh Murphy**  
**Calgary, AB**

**Nominated as WESTERN TRACK DIRECTOR**

I'm seeking to be re-elected as the Western Region Track Director.

I've thoroughly enjoyed my time during my first term on the Board and would love an opportunity to continue to help push racing in the right direction. Being a younger person in this industry, I'm very interested in modernizing the game and making positive changes to help move the sport forward.

We are at a critical time in many jurisdictions, and we need to make sure we are doing everything we can to ensure racing is making the right moves to allow our sport to thrive.

I have 10 years of racing experience working at a multitude of levels at different racetracks. My career started at Fraser Downs as the driver of the starter car and with assisting the race office on entry days. After three seasons at Fraser Downs, I moved to Alberta to work at Century Mile Racetrack & Casino to take part in the opening of the new racetrack and hold the position of Standardbred Race Secretary. In 2022, I was promoted to Assistant Racing Manager and was transferred to Century Downs Racetrack & Casino to oversee racing operations and on-air handicapping.
