I grew up in the racing industry with my grandfather, that is where my love of racing began. As an owner and breeder, I have built strong relationships with my partners, trainers, and drivers over the years. Over this time period, I have seen many changes in the industry.

I believe I would be an asset to the board with over 20 years experience of running my own business. Marketing and personnel skills are my strengths.

I would like to see Standardbred Canada membership and racing grow.
