

Murielle Thomassin
Trois Rivieres, QC

Nominated as QUEBEC TRACK DIRECTOR

Native of Quebec, I studied at the agricultural college for harness racing in La Pocatiere, QC before working for trainers Serge Turenne and Mario Lachance in the summer time. I then moved to Ontario and work at Rick Zeron's stable for a few years before owning a few horses of my own.

In 2007, I moved into an office role with Standardbred Canada's Member Services Department.

I went on to work at AgriCorp, a Crown agency that deals with farming insurance and then to ACC (Agricultural Credit Corporation), an agricultural loan agency.

In 2016, I moved back to Quebec still working for ACC. A year later, mid 2017 I started to work for the Quebec Jockey Club.

Early 2018, I became a member on the SC board as a racetrack director. Since then, I've also sat on the Government Relations committee, the Audit Committee, the Strategic Planning Committee and on the Nomination Task Force.

I believe in working together towards the same goal. The evolvement and betterment of our industry.

The society has changes and we must change with it.
